

ecoguard™

Maintenance Coat

ECOGuard is a revolutionary coating designed to preserve the beauty of ECOSurfaces Commercial Flooring that is now standard on all ECOSurfaces wear layers (excluding tile products, ECONights for ESD and ECONights for Sport). It is a factory-applied maintenance coat that protects the floor from dirt and scuff marks, significantly reducing maintenance and cleaning costs. ECOGuard water-based polymeric coating meets the most stringent indoor air quality standards as stated by the state of Washington and is FloorScore certified to protect those walking on the surface.

ADVANTAGES

- Standard on all ECOSurfaces wear layers, excluding tile products, ECONights for ESD, and ECONights for Sport
- Factory-applied
- Protection from dirt and scuff marks
- Reduced maintenance and material costs
- Quicker installation
- Long-lasting durability for low life-cycle costs
- Eliminates the need for initial on-site sealant
- Available in 1 gallon pails for reapplication when necessary
- Water-based composition is FloorScore certified for indoor air quality
